ARRIVAL INSTRUCTIONS

Can assist with arrival at Glacier Park International Airport

OTHER NOTES**OTHER NOTES:**

The employer will stock the refrigerator with food upon arrival, provide welcome packs with toiletries, have the house stocked with cleaning supplies, and will provide a full orientation of the area. They arrange fun weekly trips to shop and enjoy the area (e.g., hiking, rafting, boating, canoeing, kayaking, visiting local attractions). Students will receive a summer pass to Glacier National Park, and there will be a welcome barbecue. Local people often invite students for boat rides, rodeo trips, etc. The employer works hard to integrate students with its year-round employees as well as with the local community.
